

Clean Sweep?

Bruske Brooms

- ✓ "Miracle Tip" Steel Handle
- ✓ Two Sweeping Edges
- ✓ Unique Steel Broom Head
- ✓ Lightweight
- ✓ Bristles Will Not Shed

The Bruske broom was engineered as the answer to frustration, waste and premature replacement of conventional floor brooms due to sagging bristles and broken handles. The Bruske broom is the ultimate sweeping tool...absolutely perfect for heavyweight and lightweight needs, indoors or outdoors on any surface. Bruske is an indestructible floor broom you can depend on. Bruske brooms are constructed with the finest bristle material which is extremely durable and not affected by acid, alkaline, solvent, grease, oil or water. Bruske broom's two rows of bristles with no middle row is essentially two sweeping edges and also eliminates any collection of debris. Bruske's famous all steel, bolt-on "Miracle Tip" handle eliminates all handle breakage and thread stripping problems normally associated with ordinary floor brooms.

Bruske brooms from Applifast keep on sweeping in the most adverse wet or dry conditions. Bruske has a proven track record for total dependability by providing industrial, commercial and institutional customers with quality-crafted brooms that literally share no equal. Bruske brooms sweep better, last longer and are truly indestructible.

BRUSKE BROOMS FROM APPLIFAST KEEP ON SWEEPING AS A NEW BROOM BECAUSE THE BRISTLE MATERIAL KEEPS IT'S SHAPE AND NEVER SAGS OR MATS IN WET OR DRY CONDITIONS. THE "MIRACLE TIP" STEEL HANDLE WILL NOT BREAK OR LOOSEN.

Bruske
Miracle Tip

**INDESTRUCTIBLE,
INDUSTRY PROVEN**

OPTIONS:

Blue series - fine flagged bristle for sawdust, fine powder and dirt on smooth or slightly rough surfaces. Not intended for oily or greasy areas.
