

Solvent Free?

Solopol Classic pH Neutral Hand Cleanser

- ✓ Bio-degradable
- ✓ 100% Solvent-Free
- ✓ 100% Silicone-Free
- ✓ Gender Neutral Fragrance
- ✓ Excellent Skin Compatibility

Solopol Classic from Applifast is a solvent-free, pH neutral hand cleanser featuring a powerful cleansing action coupled with excellent skin compatibility. Solopol Classic has a proven cleansing system which contains the scrubbing agent Astopon, a refined walnut shell powder. This ensures complete removal of extra heavy duty contaminations including oils, greases, carbon black, graphite, metallic dust and lubricants. Solopol Classic from Applifast is easily rinsed away and proven not to clog drains or pipes.

Solopol Classic from Applifast also contains skin protectant Eucornol, aloe vera and a re-fattening agent leaving a noticeable nurtured, smooth skin sensation. It was also awarded the prestigious EU Ecolabel. The EU Ecolabel is given only to products meeting the highest environmental standards. Specific test criteria are used to analyse the impact of the product throughout its life-cycle, starting from raw material extraction, through to manufacturing, distribution and disposal.

HEALTHY HANDS BOOST PRODUCTIVITY, REDUCE GERMS AND INCREASE PROFITABILITY. SKIN HEALTH PROBLEMS, OFTEN CAUSED BY PHYSICAL STRESS, HARSH CHEMICALS AND OTHER WORKPLACE IRRITANTS, ARE THE SECOND LEADING CAUSE OF OCCUPATIONAL DISEASE OR INJURY.
