

Good Enough?

In every industry, torque is a vital part of the finished product.

Applifast is pleased to announce a total solution for “quality critical” and “safety critical” fastening operations. **Applifast** offers you the opportunity to experience the innovative concept of Tightening Management with Cooper DC Electric Assembly Tools where nothing is left to chance and nothing is forgotten.

When good enough isn't acceptable, and you are in pursuit of perfecting torque values with spot-on precision and traceability, lean on **Applifast's** 40 years of expertise.

TORQUE SYSTEMS FROM APPLIFAST PROVIDE A HIGHER STANDARD OF SAFETY AND QUALITY - OUR RANGE FAR EXCEEDS “GOOD ENOUGH”.
