

Sore Knees?

Hog Heaven Anti-Fatigue Mats

- ✓ Static Dissipative
- ✓ Welding Safe
- ✓ Chemical Resistant
- ✓ Recycled Content

Most people think of anti-fatigue as just something to “make the floor softer”. Experts tell us that well-designed anti-fatigue matting can do much more. Any employee who is required to stand for extended periods is subject to becoming distracted with the discomfort that can result from the incorrect type of support underfoot. Hog Heaven anti-fatigue mats are firm enough to hold up to the long-term wear and tear of daily use while providing enough cushioning to relieve stress and discomfort.

Hog Heaven anti-fatigue mats from Applifast are made from nitrile rubber for improved chemical resistance and with a textured surface offer superior slip resistance in a variety of industrial and commercial environments. Hog Heaven’s closed-cell nitrile cushion backing provides long-lasting comfort without breaking down while the 100% nitrile rubber beveled border remains flexible for the life of the product and will not crack or curl.

INCREASE EMPLOYEE PRODUCTIVITY AND POSITIVE MORALE WITH HOG HEAVEN ANTI-FATIGUE MATS FROM APPLIFAST.

Solid Black

Caution Yellow

Solid 100% nitrile rubber top surface

Beveled edges on all four sides for added safety.

Premium nitrile cushion
