

Sioux T-Handle

Decking and Flooring Drill Tools

- ✓ Safe
- ✓ Durable
- ✓ Efficient
- ✓ Ergonomic
- ✓ User-Friendly
- ✓ Lightweight

T-Handle drills are often utilized in the heavy truck body, semi-truck, and trailer industries to install wood or metal flooring, making short work of any decking application with their low rpm for higher driving and stall torque.

Using a T-Handle drill, the operator stands up when drilling holes or installing self-drilling and/or self-tapping screws which helps to reduce stress on the operator's back and arms.

T-Handle drills offer exemplary ergonomic features to provide maximum comfort during operation.

APPLIFAST'S EXTENSIVE LINES OF INDUSTRIAL POWER DRILLS ARE ENGINEERED TO MAKE YOUR JOB EASIER, SAFER, AND MORE EFFICIENT.

STAND UP TO TODAY'S DEMANDING INDUSTRIAL MANUFACTURING, ASSEMBLY, AND FINISHING REQUIREMENTS.

FEATURES:

- ✓ Non-reversible
- ✓ Lever start
- ✓ Floor level drilling from a comfortable upright position
- ✓ Lightweight aluminum housing
- ✓ Low/easy maintenance
- ✓ Ergonomic handle with comfort grip
- ✓ Power: 1 hp (.75 kw)
- ✓ Speed range: 360 rpm - 4000 rpm
- ✓ Chuck capacity: 3/8" (10mm) and 1/2" (13mm)
- ✓ Air inlet size 1/4" NPT
