Transparent Antibac Dispensers

PRODUCT DESCRIPTION

A unique, fully transparent 1 litre manual and 1.2 litre touch free closed, sealed cartridge dispenser that meets Health Canada requirement. Using hygienically sealed cartridges, the Transparent Antibac dispenser dispenses registered products with a clear view of the required Drug Facts Table. The transparent cover and sides, visible from any angle or distance, allow for accurate soap visibility for cleaning staff. Transparent Antibac dispensers are quick and easy to refill, easy to service, low maintenance and warranted.

USAGE

Specifically designed to be used with Refresh™ Antibac Foam skin care products to create tailored skin protection and hand hygiene program.

METHOD OF USE

Large, 'easy-push' buttons dispense a controlled dose of product appropriate for the application required and empty cartridges are easily replaced in seconds.

Touch-Free dispenser allows for a no touch experience, simply hold hand under dispenser to activate.

FEATURES	BENEFITS
Health Canada Compliant	The Transparent Antibac Dispenser allows the user to quickly and easily identify information within the drug facts table, making it compliant with Health Canada regulations.
Backed by a Warranty	Touch-Free dispensers are warranted for five years. Manual dispensers are warranted for their lifetime. Warranty applies only in Canada and to dispensers solely using SC Johnson Professional products. Registration required. Other terms and conditions apply: warranty.scjp.com .
Robust Design	All SC Johnson Professional dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
Fixed Product Dose	Delivers the exact amount required, controlling usage and reducing waste.
Unique Locking Mechanism	Helps prevent unauthorized access, pilferage and product contamination.
Simple Cartridge Replacement	Designed for exclusive use with SC Johnson Professional skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
Hygienic, Airless Cartridges	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Minimal waste	The air-tight cartridges are designed to collapse to minimize product waste.
Cost Savings	Allows users to clearly see soap levels without having to open the cover, cutting down on maintenance time and cost.
