

Bruske Squeegees

Revolutionary

- ✓ Galvanized Steel Construction
- ✓ Highly Efficient Splash Guard
- ✓ Reinforced Handle Socket
- ✓ Twin Sponge Blades
- ✓ Lightweight
- ✓ Chatter Resistant

Bruske black sponge floor squeegees work well on smooth floors, grouted floors and quarry tile.

Bruske red oil resistant neoprene rubber floor squeegees offer ultra-high chemical resilience and fatigue life.

Bruske squeegees feature heavy duty galvanized steel construction, twin sponge rubber blades, and a highly efficient splash guard with reinforced handle socket to make liquid cleanup on floors safe and easy.

Squeegee Options

Straight Squeegee Blades 30"

Blade Materials:

- ✓ Chemical Resistant Neoprene Red Rubber Sponge Blade
- ✓ Non-Chemical Resistant Black Rubber Sponge Blade

The twin sponge rubber blades move liquid easily, are lightweight and chatter resistant.
